INDEX TO VOLUME 32

Adkisson, Perry L., article by, 189

Ageniella, Taxonomic notes on the genus, (Hymenoptera: Pompilidae), 109

Alcippus Stål, A new species of, from Ecuador (Heteroptera: Pentatomidae), 97

Allaporus, A new, from southern Texas (Hymenoptera: Pompilidae), 29

Allen, Richard K., article by, 59

Aphids of Missouri, A preliminary list of the, 9

Banegas, Alberto D., article by, 100

Beefly parasitism of the American carpenter bees belonging to the genus *Xylocopa* Latreille, 53

Bishop, Jack L., article by, 35

Black-legged Tick, Biology of the, 61

Book review: Checklist of the Millipeds of North America, 8

Book review: The Tarantula, 72

Bombyliidae, A new genus of, (Diptera), 73

Brezner, J., article by, 92

Burdick, D. J., articles by, 83, 120

Burkhardt, C. C., article by, 35

Byers, George W., article by, 46

Callibaetis, A new species of, from Kansas (Ephemeroptera: Baetidae), 173

Causey, Nell B., articles by, 8, 141

Cerambycidae, Descriptions of some new, from Mexico and southwestern United States (Coleoptera), 111

Cerotainiops Curran, New species of, (Diptera: Asilidae), 49

Chemsak, John A., articles by, 111, 115, 176

Coreopsomela elegans (Olivier 1807), Discussion of synonymy and first illustrations of larva and pupa of, from California (Coleoptera), 137

Crossidius, Some new species and subspecies of, from western North America (Coleoptera: Cerambycidae), 176

Dermatobia hominis (L. Jr.), Biology and control of, in Honduras (Diptera: Cuterebridae), 100

Dispersal mechanism in mites, A, 45

Electron microscope as an instrument in insect taxonomy, The, 94

Enns, W. R., article by, 92

Ephemerella, A new species of, from Oregon (Ephemeroptera: Ephemerellidae), 59

Erratum (*re Evidomyia infida* Reinhard), 152

Euleia Walker, Notes on the genus, in North America (Diptera: Tephritidae), 145

Evans, Howard E., articles by, 29, 75

Foote, Richard H., article by, 145

Fossil Xyelidae, Notes on the taxonomy of, (Hymenoptera: Symphyta), 120

Halictid bees, Observations on the behavior of Brasilian, VI. Tropical species, 19

Hall, C. C., article by, 45

Harrendorf, Keith, article by, 41

Harris, Robert L., article by, 61

Hart, R. A., article by, 92

Hebrus Curtis, Three new species of, from the Philippine Islands (Hemiptera: Hebridae), 31

Hemolymph, A simple method for *in vitro* storage of insect, 92

Hesperapis regularis (Cresson), Notes on the biology of, (Hymemoptera: Melittidae), 83

Honey Bee, An unusual nest of the, 46

Humidity levels, The effect of various, on hatchability of pink bollworm eggs, 189

Hungerford, Herbert B., articles by, 37, 40, 69

Hurd, Paul D., Jr., article by, 53

Hynesionella Poisson, Concerning the genus, and a new species from South Africa (Heteroptera: Gerridae), 37

Identification of the nymphs of common families of Hemiptera, 88

Intrapopulation variability as a restrictive factor in the use of free amino acids in comparative taxonomy, 123

Khalaf, Kamel T., article by, 94

Klaasen, Harold E., article by, 183

Koone, Harold D., article by, 100

Krause, Gary F., article by, 183

Lawson, Fred A., article by, 88

Leonard, Mortimer D., article by, 9

Limnogonus, Concerning the genus, and a new subgenus (Heteroptera: Gerridae), 40

Linsley, E. Gorton, articles by, 8, 176

Loomis, H. F., article by, 1

MacSwain, J. W., article by, 8

Malathion and EPN, Some possible effects of, on mice, 183

Malathion and parathion, Effects of, on ejection of young from gravid female spotted alfalfa aphids, 35

Marks, Edwin P., article by, 77

Martin, Charles H., article by, 49

Matsuda, Ryuichi, articles by, 37, 40, 69

Michener, Charles D., article by, 19

Micro Syringe for laboratory grain fumigation, A, 151

Midgut epithelium, A study of the, of five waterbugs (Hemiptera: Cryptocerata), 77

Millipeds, New myrmecophilous, from Barro Colorado Island, Canal Zone, and Mexico, 1
Morphometric analysis of strains of *Drosophila melanogaster* differing in DDT-resistance, A, 155
Mosquitoes, A distributional checklist of, Nebraska, 128
New Entomological Journal, A, 150
Noctuid moths, Occurrence and relative abundance of certain, in northwest Arkansas, Fall 1957, 41
Oviposition behavior responses of the codling moth, *Carpocapsa pomonella* L., to air movement, temperature, and light, Notes on, 152
Ozarkogona, A new species of, from Indiana (Diplopoda: Chordeumida: Cleidogonidae), 141
Painter, Reginald H., article by, 73
Papp, Charles S., article by, 137
Parker, Ralph L., article by, 152
Pedersen, John R., article by, 151
Peters, William L., article by, 173
Philanthus politus pacificus Cresson, Some biological observations on, (Hymenoptera: Sphecidae), 115
Porter, T. Wayne, article by, 31
Powell, Jerry A., article by, 115
Prey records for some midwestern and southwestern spider wasps (Hymenoptera: Pompilidae), 75
Rapp, William F., Jr., article by, 128
Reinhard, H. J., erratum, 152
Rhinonyssus himantopus, New records for, and notes on other species of the genus, 133
Rhycobates Esaki 1923 and *Esakobates* Lundblad 1934, Synonymy of the genera, and a description of new species of *Rhycobates* from China (Hemiptera: Gerridae), 69
Ruckes, Herbert, article by, 97
Seabra, Carlos Alberto Campos, article by, 19
Sokal, Robert R., article by, 155
Sound production among nocturnal bees, 8
Steinhauer, A. L., article by, 123
Stephen, W. P., article by, 123
Strandtmann, R. W., article by, 133
Torchio, P. F., article by, 83
Wasbauer, Marius S., article by, 109
Williams, Francis X., book review by, 72
